YEADON®

Williams Bulk Transfer
Williams, Iowa
200' x 475' x 58' h Clear Span Dome

Featuring a bank of six Air Filter Vents
down the side of the structure to improve
the air quality inside the dome

Yeadon® Materials Transfer Domes

**Low cost, clear span domes for
Materials Transfer ...**

Yeadon® is North America's industry leader in low cost, high quality, state-of-the-art Air Supported Structures for TRANSFER of Bulk materials, for virtually any climate condition.

Features

Yeadon® has over 30 years experience designing, manufacturing and installing Air Supported Structures for many uses – from Transfer, to Bulk Storage, construction, Warehousing, Commercial, sports and recreation.

Features include –

- Low Initial Investment Cost
- Clear Spans up to 350 ft.
- Energy efficient mechanical systems
- Yeadon's proprietary anchoring channel
- Yeadon® State-of-the-art control systems
- Environmental air handling available
- Reusable – suitable for relocation
- Yeadon® design and site consultation assistance available

Standards:

Yeadon® structures meet and exceed industry standards including Air Structures Design and Standards Manual ASI, ASCE, CSA CAN-S109, NFPA 701, UBC, BOCA, and ICBO. Also complies with CCC (1986) requirements for permanent storage structures

Specifications

Yeadon® will assist in the design of your transfer or storage dome, including air handling equipment. Yeadon® uses only the highest quality materials, from the high strength PVC coated polyester outer fabric, to the mechanical plant, to environmental air handling needs. Yeadon® will design, manufacture, and install your dome in record time.
